Tohoku University uses the Safety Confirmation System to ascertain the safety of students and staff during emergencies. In the event of a natural disaster, all students/staff are asked to respond to the safety confirmation e-mail message.

- ► If you do not respond, the university will be unable to provide your family with any information if they contact us.
- It will also delay the identification of people who really are missing and in need of search/rescue.

Point 1 **<u>!</u> Recommend !** It is also possible to confirm your safety using a dedicated app.

Download and install the free Emergency Call app from the Apple App or Google Play Store. When configuring the connection settings, enter your Tohoku University ID and password to receive notifications from the app.

(If you change your Integrated Electronic Authentication System password, please change the password in the app as well.)
